Wedding Packages

Thanks so much for your interest in my photography services.

Planning a wedding can be very exciting, but I appreciate choosing a team of suppliers to bring all your ideas together can also be overwhelming. It's a cliché, but wedding photography is one of the most important investments you will make, as photographic memories last a lifetime. I've been a bride and I understand the importance of getting it right, and I also come with many years experience in capturing weddings.

I'm creative, relaxed and friendly, and very reliable.

I limit the number of weddings I take on each year, which means you receive your wedding photographs in 4 - 6 weeks (but you'll also get a next day preview).

I've based my packages on what most couples typically require, but if you don't see what you're looking for please do let me know so we can create a bespoke package.

*"I can't tell you how happy we are,
you've literally smashed it!"*

wedding booking form and agreement. Your final balance is due 4 weeks
before your wedding.

Why Book Me?

I'm completely dedicated to documenting all aspects of your wedding day to produce a timeless collection of images.

I'll blend in with your guests to capture unobtrusive natural moments that you might otherwise miss. With over 15 years' experience, I'm a safe pair of hands!

I can offer advice regarding timings, as well as recommending other great suppliers I've worked with over the years. I'll send you my advice booklet so that you have everything you need when planning your day to make the most of your photography.

We'll chat before your wedding and go over timings and special requests you may have. On the day I'll have my schedule and I'll know exactly where you need me to be and what's expected. I won't need to interrupt the flow of your day and I'll work to get all the shots you want without delaying the schedule.

Oh, and I won't shout at your guests! Perish the thought! I've been a bride and I know how important it is to find the right photographer, so get in touch and let's talk.
